ROMAN SHADES

PLAIN CLASSIC PLEATED
FLAT FOLD
SOFT FOLD/HOBBLED
EUROPEAN/RELAXED
FRONT SLATS

Roman Shades offer
the **fashion** of soft
drapery while providing
the **function** of
blinds & shades.

plain classic pleated top down
bottom up roman shades:
draw the line, slate
ring top drapery panels: fleurette, slate

ROMAN SHADE STYLES

- > Pictured are standard ROMAN SHADES with cord locks on back, no valances
- > Valances are included on shades with these lift options only: CCO (outside mount only)
Cords Forward and Top Down Bottom Up (otherwise valance is optional)
- > See page 20 for the lift systems

Plain Classic Pleated

Flat Fold

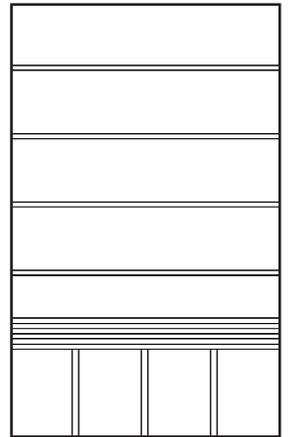

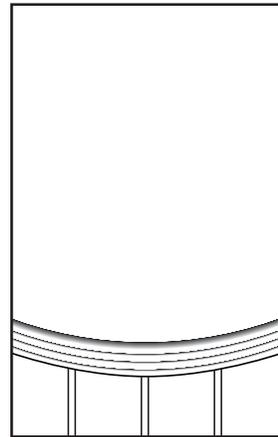

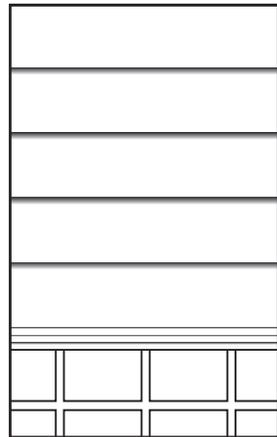

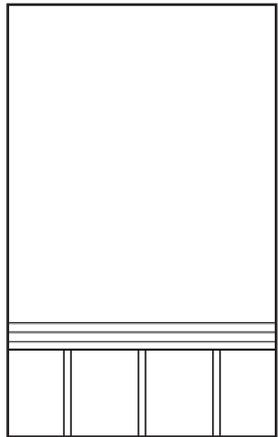

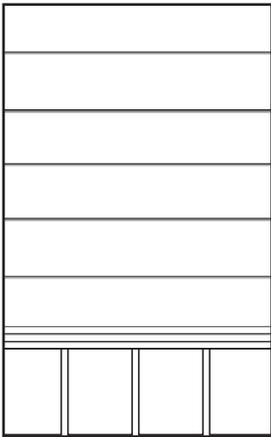

Soft Fold/Hobbled

European/Relaxed

* outside mount only

	minimum	maximum
width	12"W	48"W
length	16"L	120"L

Phase II Roman Shades are in compliance with ANSI/WCMA A100.1-2018: American National Standard for Safety of Corded Window Covering Products

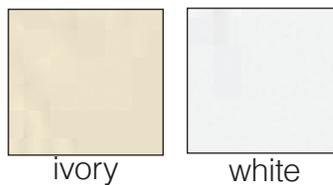

STANDARD LINING

- Basic light weight lining:
70% polyester/30% cotton
- Protects fabric from the sun
- Provides neutral color to outside
- 54"W

THERMAL SATEEN LINING

- Medium weight 100% polyester
- Smooth sheen finish
- Provides protection from heat & cold and protects from UV rays which could lead to fading
- 54"W
- 1 pass acrylic latex foam backing
- Light filtering

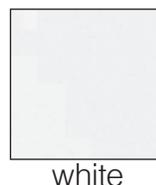

ROOM DARKENING/DIMOUT LINING

- Luxurious triple cloth 100% polyester
- Woven-in black layer gives slight grey appearance to white on outside
- Excellent drapability
- Room darkening lining does let some light in: blocks out majority of sunlight
- 54"W
- Light filtering

100% PREMIUM BLACKOUT LINING

- Heavy weight lining: 100% polyester
- Blocks out 100% sunlight
- Use for blackout on less opaque, light colored fabric
- 54"W
- 3 pass acrylic latex foam backing
- Although we take every precaution to avoid piercing this lining, on the Plain shade style, light seepage may still occur through perforations

plain classic pleated roman shade: soprano, silver
with drapery: raw silk crepe, silver

PLAIN CLASSIC PLEATED

A structured, contemporary look which requires minimal dressing.

- > Stay pockets on the back of the shade create pleats which stacks very efficiently and look great with most fabrics.
- > All fabrics look good with this style, but it should be noted that stay pockets do interrupt the prints and patterns.

PLAIN CLASSIC PLEATED		
	minimum	maximum
width	12"W	115"W
length	16"L	120"L

plain classic pleated roman shades: wilmington, white

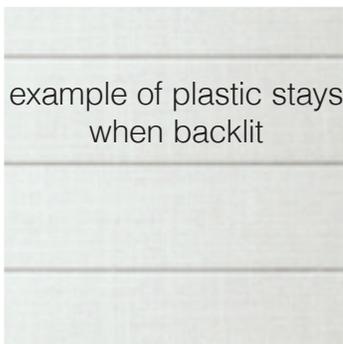

flat fold roman shade: plush velvet, lapis
with grommet drapery panels: burma, aegean

FLAT FOLD

A simple, elegant, tailored design with no horizontal seams.

- > This tailored style is an excellent choice for fabrics with large scale patterns that look best without interruption. When fully extended the entire pattern is displayed.
- > Small tack stitches used to attach the cord rings are visible on the face of the shade.
- > Plastic stays can be visible when backlit, but can be removed after “pleat memory” sets in.
- > When first installed this style should be pulled up fully and left in place several days to create “pleat memory”.

FLAT FOLD		
	minimum	maximum
width	12"W	115"W
length	16"L	120"L

flat fold roman shade: monaco, silver
with soft wave fold drapery panels: plush velvet, silver

soft fold/hobbled roman shade: carlo, cove
with drapery: vine, cove

SOFT FOLD/HOBBLED

Face fabric hobbled onto the lining at regular 6" intervals creates cascading soft folds.

> When using a pattern with a large repeat, the pattern will be interrupted at each pleat/fold.

	SOFT FOLD	
	minimum	maximum
width	12"W	115"W
length	16"L	120"L

soft fold/hobbled roman shades: vibrato, blue

EUROPEAN/RELAXED

europa/relaxed roman shade: dover, ming
with pleated drapery: neptune, delft

As the sides curve upward when raised, the european/relaxed shade gathers in soft folds.

- > Small tack stitches used to attach the cord rings are visible on the face of the shade. When first installed this style should be pulled up fully and left in place several days to create "pleat memory".
- > Outside mount only
- > Be advised: This shade takes manual adjusting to achieve the desired effect. It is not recommended for frequent use, but more as a decorative shade.
- > See Faux Euro Relaxed Board Mounted Valance on page 55 for a stationary, low maintenance option.

EURO/RELAXED		
	minimum	maximum
width	30"W	115"W
length	16"L	120"L

One scoop under 60" W
Two scoops over 60" W

european/relaxed roman shade: patrick, fog

front slats roman shades: dandelion, pink
with grommet drapery panels: gent, snow

FRONT SLATS

Add some drama to a plain fabric with this structured, contemporary look.

> The face of the shade has slats sewn into pockets that give the shade a precise look. This is a structured, contemporary look that requires minimal dressing.

> Note: Room Darkening/Dim-Out Liner is not available for this shade style.

FRONT SLATS		
	minimum	maximum
width	12"W	48"W
length	16"L	120"L

NO WIDTHS OVER 48"W
(due to the nature of the
shade construction)

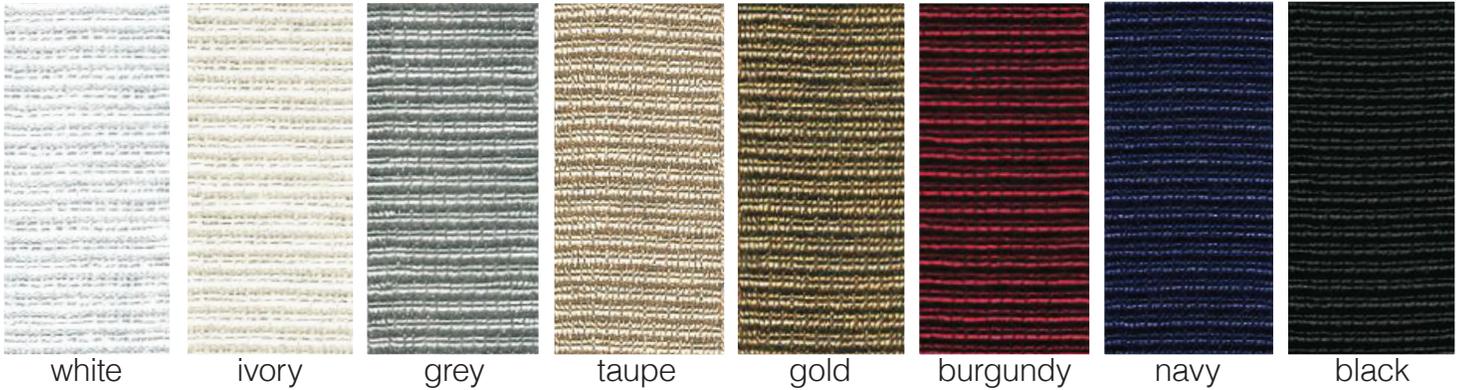

front slats roman shades: wilmington, moonlight
with grommet drapery panels: vibrato, grey

BANDED OPTION FOR ROMAN SHADES

plain classic pleated roman shades with standard lining:
lucky, white with navy on-the-edge ribbon banding

2" SOLID BANDING COLORS

Add a custom designer finish by adding an edge or inset BANDED trim.

- > Available 3-sided only
- > 100% rayon ribbon - 2" wide
- 8 colors available
- > Not available on Euro/Relaxed or Front Slat styles
- > inset = 2" in from edge (left, right, bottom)
- > edge = along the edges (left, right, bottom)
- > valances automatically get matching edge or inset banding, continued vertically only - included in the surcharge

flat fold roman shades with premium blackout lining:
wilmington, moonlight with greige/charcoal greek key inset banding

SOFT WAVE FOLD DRAPERY & TRACK SYSTEM

soft wave fold drapery panels/single track system: plush velvet, silver
with flat fold roman shade: monaco, silver

Available as single panels/one-way draw or pairs of panels/two-way draw.

- > Available in precise widths only, made with 180% fullness (1.8:1 fullness):
 - single panels/one-way draw to cover window widths up to 144"W
 - pair of panels/two-way draw to cover window widths up to 240"W
- > Batons are included for moving panels - cut to the 1/2"
- > If ceiling-mounted double track is needed, use two single ceiling-mounted brackets, one in front of the other
- > Metal snap tape is attached to top of panels and snaps into carriers on the track
 - *Metal snap tape may be visible at top of drapery, particularly on sheers
- > Note: 1/4" light gap exists between top of drapery and track.
- > All coordinated products made of the same fabric should use the same lining

SINGLE PANEL/ ONE-WAY DRAW		
	minimum	maximum
width	23"W	144"W
length	24"L	204"L

PANEL PAIRS/ TWO-WAY DRAW		
	minimum	maximum
width	36"W	240"W
length	24"L	204"L

1" track is included in length, cut precisely to the 1/2"

soft wave fold & track system (front track): gent, flax
 soft wave fold drapery panels (back track): raw silk crepe, pebble
 with front slats roman shades: pinstripe gent, flax/bisque

POLE MOUNTED VALANCES

Use a Pole Mounted Valance alone or layered over blinds, shades & drapery.

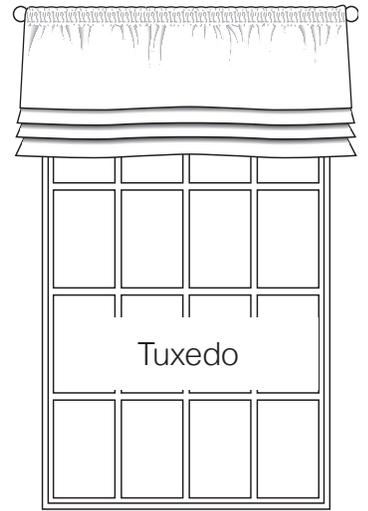

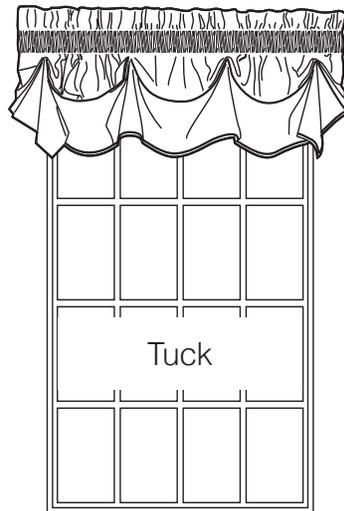

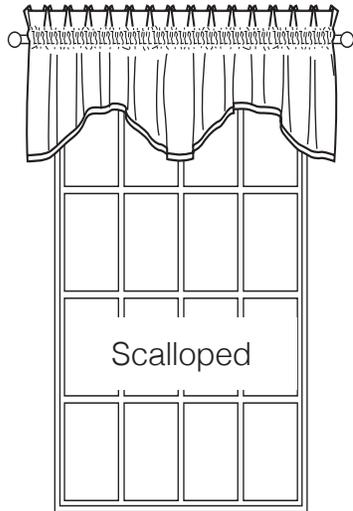

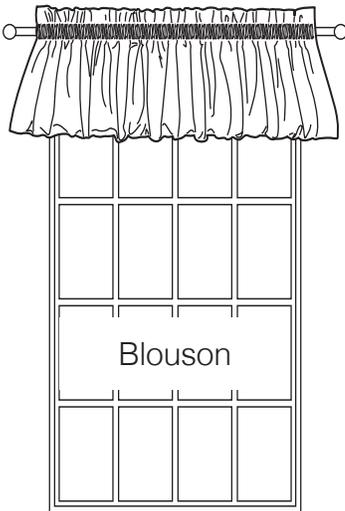

Decorative Pole Mounted Valances add interest and soften hard window coverings.

- > Rod Pocket & Header Options:
 - 1½" pocket / 1½" header - use ¾" max. diameter rod
 - 3" pocket / 3" header - use 1¼" max. diameter rod, or 2½" basic rod
 - Includes ½" self-bias tape

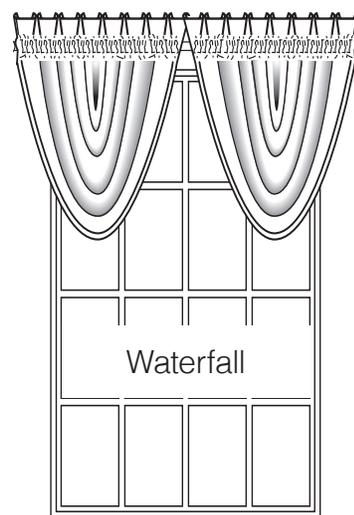

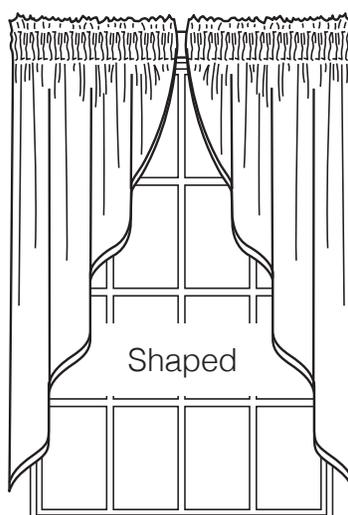

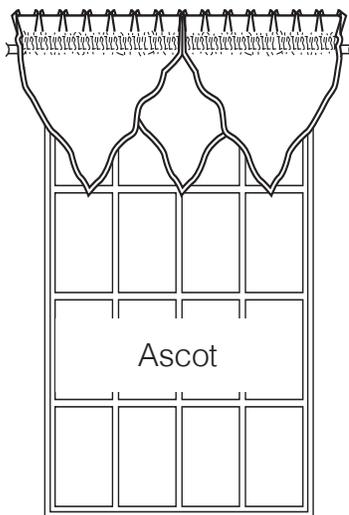

- > Unlined - upgrade to Standard, Thermal Sateen, Room Darkening/Dim-Out or Premium Blackout

tuxedo pleat valance: fynn, white
with day & night cellular shades, ivory beige

BY THE INCH (PRE-SET/PRECISE)

BY THE UNIT

TUXEDO PLEAT VALANCE

- > Available in precise widths to cover window widths from 12"W - 96"W
- > 9"L - 18"L, includes 3" pocket
- > Made with 150% fullness (1.5:1 fullness) to reveal pleats better

tuxedo pleat valances: fynn, saffron
with zebra shade, ivory

SCALLOPED VALANCE

- > Available as pre-set unit 78"W (flat) x 18"L or precise widths to cover window widths from 12"W - 96"W
- > Order 1 pre-set unit for every 40" of window width
